

ARCHITECTURAL AND STRUCTURAL DESIGN FOR ENRICHING HUMAN HABITATS

Call for Abstracts

Dear Colleagues,

The Mexican Society of Architects and Structural Engineers - SEWC Group Mexico, is delighted to invite you to participate in the sixth edition of the Structural Engineers World Congress – SEWC 2017; which will be held in the beautiful resort of Cancun, Mexico, from 14th to 17th November 2017 (www.sewc2017.org).

The aim of the conference is to bring together, and enhance dialogue among, worldwide professionals from a broad range of disciplines, covered by Architects and Structural Engineers. This congress is particularly significant because works of architects and engineers will highlight areas and topics of future research, as well as latest developments in architecture and structural design.

The **call for abstracts** is now open so don't miss out. Abstracts can be submitted through the congress webpage (www.sewc2017.org) in the Abstract Submission section.

Time flies! So please bear in mind the following deadlines:

- Abstract submission **March 1st, 2017**
- Abstract notification March 15th, 2017
- Full paper submission May 1st, 2017

You are also invited to organize a Special Session (or organized session) with 4-8 authors. Moderators will be exempt of the congress fee. For guidelines, please enter to <http://sewc2017.org/special.php> and feel free to contact us for any doubt or commentary.

Looking forward to welcoming you in Cancun!

Chair:

Prof. Juan Gerardo Oliva-Salinas

Faculty of Architecture, UNAM, Mexico

Scientific committee:

Prof. Roberto Gómez-Martínez

Institute of Engineering, UNAM, Mexico
